

NEURORADIOLOGY
W O R K S H O P

Neuroradiology Workshop for Stroke Physicians

Date: 22nd November 2018

PLEASE NOTE CHANGE IN VENUE

Venue: Holiday Inn London Regents Park
Carburton Street
Fitzrovia
London
W1W 5EE

The nearest tube station is Great Portland Street Tube Station which is a 2 minute walk from the hotel.

The course will be held in the Cambridge Suite of the Academy Conference Facilities which is on the ground floor of the hotel.

Registration will commence at 8.30am within the foyer outside the Cambridge Suite where hot and cold refreshments will be available. The course will start at 9:00am sharp with a hands on short tutorial and step by step guide on how to use the image viewing software, Osirix, which is integral to the workshops. We would therefore ask that you arrive on time to become familiar on how to use the software as we will be unable to repeat the tutorial due to time constraints.

Doors to the Cambridge Suite will be opened at 8:50am and we request that you are seated by 9.00am. The computers will be configured for the tutorial to start and we kindly ask that the keyboard and mouse are left untouched until the tutorial starts.
